Yummy Market is pleased to announce it has transitioned to new ownership

Effective July 3, 2023, the ownership of Yummy Market Inc. has transferred to Adrian Gianello. With a wealth of experience in business growth and development, Adrian will be taking the company to new levels of success. "I'm thrilled to join the Yummy Market family and am looking forward to further growing and strengthening the business," says Adrian Gianello, Yummy Market CEO.

Anna and Alexei Tsvetkov, the founders of Yummy Market, will be supporting Adrian for some time as he is settling into his new role. "We are excited for Yummy Market's next chapter and cannot wait to see the company we founded to reach new milestones under Adrian's leadership," says Alexei Tsvetkov, Yummy Market's founder and outgoing CEO.

Since 2004, Yummy Market has grown from a cozy grocery store to a European food experience grocery chain. It's been proudly serving its community for over 20 years. The founders set the bar high for product quality and assortment, and that's what customers have come to expect. Under the new ownership, the company is well-positioned to enter a new phase in its development to offer even more value to its customers.
